

# NEIGHBORHOOD SPIRIT

## CASTLEVIEW ARROYO PROJECT

“What was interesting about this project was how spontaneous it was.... and the response of the neighborhood.... These people weren't directed, they just came together.”

The **Castleview (Park) Arroyo Project** is a group that formed with the purpose of protecting and utilizing a neighborhood treasure: the waterway at their local park.

Over **40 volunteers donated over 270 hours** toward the clean-up effort., Brian Geiger, Larry Deckel, Chuck Tobin, Siren Orinion, Daisy Valdovinos, Jennifer & Ole Becker and Jamie Micallef coordinated this effort. They are **continuing to work together** to protect this neighborhood asset and bring their neighbors together to make a difference in their neighborhood. **Castleview Park** in on the boundary of Wards 2 and 4
